## Thank you for your service

As Americans celebrate their independence, let us also thank our local heroes.

The veterans listed here represent the 5-Valley Cities of Afton, Lakeland, Lakeland Shores, Lake St. Croix Beach and St. Mary's Point, and have memorial bricks at the Lower St. Croix Valley Veterans Memorial Park located at 1919 Quebec Ave. South.

Thank you to the families that have donated to the Memorial Park and the men and women who have served in the military. Thank you for your service!

# Helping Hands Crew

Volunteer for the "Crew" they need you.

The "Crew" needs you! There are members of our community that could use a helping hand with some exterior maintenance on their homes. The Crew is there to help. Volunteers help with yard cleanup, garden planting, house painting, etc.

These may be simple tasks for you to accom-

plish but for some of our residents getting things done around the house is becoming difficult or just impossible.

The Crew is looking for a few good men and women to help.

Please call or email the city and ask to be put on the Helping Hands Crew volunteer list. If you're a

resident that could use some help, please call or email the city with your project request. Someone from the Crew will follow-up with further questions and details

City Hall 651-436-7031 or email

lscb@comcast.net

# Thank you Woodbury H.S. seniors!!

Senior skip day is a tradition many high school seniors take part in. Woodbury High School embraces the tradition in a different way. Rather than discouraging the students for skipping the day, they encourage them to give back to the community that day.

WHS principal Sarah

Sorenson-Wagner said, "We are proud of our seniors and the WHS tradition of giving back to a community who has supported us."

Twenty-two seniors came out on May 30, to help clean up the much ignored rain gardens and landscape around the City Hall sign.

They were tasked with weeding, digging, raking and mulching. The students worked well as a team, were respectful to each other and their adult chaperones.

WHS is welcome to send LSCB their seniors anytime!

Best of luck Class of 2019!

*"The futures so bright, I gotta wear shades."*

~Timbuk3

# Protect the St. Croix River

## Adopt a Storm Drain!

This spring, a new Adopt-a-Drain program debuted across the Twin Cities metro area, with a goal of engaging local residents to help prevent water pollution. Storm drains in Lake St. Croix Beach help to protect neighborhoods against flooding, but they also flow to the St.

Croix River, carrying debris off the streets and into our water.

You can make a difference by volunteering just 15-minutes, twice a month, to keep your nearest storm drain clear of litter, leaves, grass clippings and dirt. Go to [Adopt-a-Drain.org](http://Adopt-a-Drain.org) and use the map to find your neighborhood storm drains – then click and sign-up to adopt. Spend a few minutes each month picking up the garbage and debris near your drain and then go online to report your work so that we can

measure our collective impact.

To dispose of the waste you collect, separate it into three categories and place it in the appropriate receptacle: trash, recyclables (glass and plastic bottles, cans) and compostables (leaves and grass clippings). Sediment collected in the spring contains winter road salt and should be put in the trash.

Adopt a storm drain today to help protect our water and keep our neighborhoods clean: [www.Adopt-a-Drain.org](http://www.Adopt-a-Drain.org).

## How to adopt a storm drain

### 1. Sign up online

to adopt a drain in your neighborhood

[www.adopt-a-drain.org](http://www.adopt-a-drain.org) GO

### 3. Post a small sign in your yard

to let your neighbors know you're protecting clean water.

### 2. Keep your storm drain clear

Sweep leaves, grass clippings and trash away from the storm drain year-round

### 4. Tell us how much debris you collect from your drain each season.

About half the drains in Lake St. Croix Beach have been adopted by residents. If you are one of those people, now is the time to clear the drain of debris. If

your drain looks like the drain on the left, it needs to look like the drain on the right. If you have questions please call City Hall.

Memorial bricks are ordered 25 at a time. If you ordered one and don't see it on the list, it will most likely be ordered the next time.

Those currently serving get their brick cemented in once their service has ended.

If interested in having a memorial brick for a family member, simply contact LSCB City Hall at 651-436-7031 or [lscb@comcast.net](mailto:lscb@comcast.net)

## Update on the proposed housing maintenance ordinance

The proposed housing maintenance ordinance has been a work in progress for a over a year now. As with all new proposed ordinances, the public has the right to give their input at a public hearing. Many people turned out for the Planning Commission meeting on June 5, and spoke on the subject.

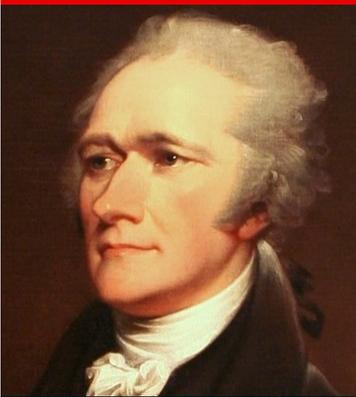

Once again, because of the input, some minor adjustments were made to the ordinance. The Planning Commission made the recommendation that the ordinance go to the City Council for approval. The ordinance went back to the attorney first to make those changes.

At the City Council meeting on June 17, the Council decided to table its decision until the July City Council meeting.

Keep in mind, if the ordinance is passed next month, city staff will not be driving around looking for violations to the new ordinance. The City responds to written complaints only.

The new ordinance would not replace existing ordinances, it would simply enhance the policies already adopted by the city years ago.

Thank you to everyone who came out and expressed their concern. Your input is valued.

*"Real liberty is neither found in despotism or the extremes of democracy, but in moderate governments."*

*~Alexander Hamilton*

# Another transformation at City Hall

City Hall has seen a tremendous transformation in the last year. Beginning back in March of 2018, the interior of City Hall got a huge makeover from new paint to carpet and windows and a lot of organization in between.

The repaving of the parking lot, which started in the fall of 2018, was completed in spring 2019. Erica Hoaglund of the EAC (Environmental Advisory Commission), came up with a plan for landscaping that was approved by the City Council in May. In June, with the help of Diane Lair, Ron Carlson, Andrew Maxwell-Parish, Alex Buzo, Patrice Nerad, Dustin Currell and STS (supervised by Tom McCarthy), Erica's plan became a reality. The results are great! From weeds to plants and mulch, City Hall has completed its transformation.

The plants are all perennials and are expected to bloom at different times of the year. They are small, of course for now, but should really come into their own in the next two years.

The momentum for enriching areas of the city continues to move in a positive direction because of its people. Bravo to all of you!

Thanks to the "landscapers" for beautifying City Hall; Diane Lair, Erica Hoaglund and Ron Carlson

Weeds were replaced by plants and mulch around City Hall on June 14.

## New park sign

Riverfront Beach and Park got a new sign in June, one that can actually be seen!

The old one was small, broken and hidden from view in the small garden next to the pavilion. Did you know one was there?

Many thanks to Jo Sandom of the Parks Commission for designing the sign, Minuteman for producing it, and Bob Shearer for placing, landscaping, and supporting it!

# License your dogs AND cats

Licensing is one of the most important things you can do to keep your pet safe. Unfortunately, it is also one of the most overlooked ordinances by city residents.

Please know that all cats and dogs over 4 months of age are required to be licensed, display a city issued collar tag, and have a valid rabies vaccination.

Lifetime license fees are only \$10.00 for spayed/neutered pets and \$25.00 for pets that are not.

As a reminder, pet owners are also required to have a method to pick up and properly dispose of pet waste when they are out and about. Pets are also not allowed to roam freely throughout the city. Keep an eye on your pets.

Thanks in advance for being a responsible pet owner!

**License your dogs and cats, it's the law.**

# Heritage Day needs helping hands

Heritage Day will be here before you know it ! Mark your calendars for Tuesday, August 6, from 5-8 pm at Riverfront Park.

There will be games, food, ice cream and of course the new playground equipment for the children to play on.

This years' band is Hydraulic Woman and the Regulators.

The committee needs people to help setup and take down, as well as work the games and help with the raffles prizes. If you're interested, please let Dawn Bulera know. She can be reached at [lscbbulera@gmail.com](mailto:lscbbulera@gmail.com).

***"One generation plants the trees; another gets the shade."***

***~ Chinese proverb***

# The playground is in! (Or, it should be by the time you get this)

That's right! After many years and a lot of persistence, there is new playground equipment at Riverfront Park.

This feat was many years in the making beginning with Jeanne Paulson and a group of residents who just wanted some new playground equipment at the beach for their kids.

Paulson sold hotdogs, had craft and rummage sales, a car show and the list goes on and on, all in an effort to raise money.

Last April, Paulson met with city staff to talk about the goals her committee wanted to accomplish. In December, through, grants, charitable gaming funds and some

shifting of the Parks Commission budget, the equipment was purchased. In June, 2019 the playground was installed.

It sometimes takes a village to get things accomplished and the residents of LSCB should be proud. Where there is a will there is a way!

# Lets talk about Radon testing

Radon causes cancer. It can't be seen, or smelled and it may be in your home.

Residents can pick up a FREE Radon testing kit at the environmental center.

## Frequently asked questions:

### When is the best time to test for Radon?

You can test your home for radon gas any time of the year, as long as you can maintain "closed house conditions." This means all windows and exterior doors should stay closed for 12 hours before and during the test period.

(You can still come and go normally, just close the doors behind you.) **Important: Don't test during severe weather - hard rains, heavy snows strong winds.**

### Where should I hang the sampler?

The U.S. EPA suggest testing the lowest level used on a regular basis, or that could be used by a potential buyer. Hang the sampler at normal breathing level where it will not be disturbed. Hanging it from or close to your home

thermostat is a good choice. **AVOID** testing in areas of high humidity such as bathrooms, kitchens, laundry rooms, closets, or damp basements. If this is unavoidable, test for no more than 4 days.

### Can I run my heat or A/C during the test?

Yes, just close doors behind you when entering or leaving. Avoid creating a draft, so no fans of any sort (attic, ceiling, window, floor, etc.) for the duration of the test. Exception: Bathroom and kitchen exhaust fans can be run as usual.

### How long should I conduct the test?

Expose sampler packet for a minimum of 3 days (72 hours) and a maximum of 7 days (168 hours). 4 days is ideal. **Too short or too long exposures will invalidate the test.**

### What do I do when the test is over and I've sealed the packet?

Return it to the lab as soon as possible. Important: Use the fastest return service available in our area. Early arrival equals accurate results.

### When and how do I get my test results?

Your test results are available later the same day the lab receives your packet: Go to [www.radon.com/](http://www.radon.com/) results and enter your sampler packet serial number. If you've included a readable email address, your results will be emailed to you. Results are always sent to the mailing address you've written on the packet.

**How do I get my results earlier with more accuracy?** After your test is completed, return your sample

to the lab as soon as possible. The quicker they arrive, the faster you'll receive your test results.

For the quickest, most accurate results, make sure your sample arrives at the lab in 6 days or less. Samples are analyzed and results are available the same day of arrival. Your test results will be sent to your email address and can be accessed online at [www.radon.com/](http://www.radon.com/) results.

The following return methods equal faster, most accurate test results:

FedEx or UPS Express Delivery:

**Air Check Inc.**  
1936 Butler Bridge Rd.  
Mills River, NC 28759

USPS (Postal) Express Mail or Priority Mail:

**Air Check Inc.**  
P.O. Box 2000  
Naples, MC 28760

**Where can I get more info on Radon?** Visit Radon Information Center at [www.radon.com](http://www.radon.com)

Washington County Environmental Center: 4039 Cottage Grove Drive  
Woodbury, MN 55129  
651-275-7475

### HOURS:

Tuesday: 11 a.m.-7 p.m.  
Thursday: 8 a.m.-4:30 p.m.  
Friday: 8 a.m.-4:30 p.m.  
Saturday: 8 a.m.-2 p.m.

Closed on 4th of July, Thanksgiving, Christmas Eve, Christmas Day and New Year's Day.

# Mayor's message

**Mayor Tom McCarthy**

I hope everyone is enjoying their summer so far!

Please remember that there is no parking on any street east of County Road 18 and all tires must be off the street.

Here are a few things happening in the valley for the 4<sup>th</sup> of July holiday weekend: Fireworks Friday night (July 5) in Hudson at the waterfront and fireworks Thursday night (July 4) in Stillwater.

The Pavilion at Riverfront Beach and Park is ready for use. This is a great location and facility for your summer gathering with the playground, beach, restrooms, grills and tables available.

Reservations can be made to use the pavilion for your event through City Hall.

If you haven't seen it already, a new Riverfront Beach and Park sign is up

next to the pavilion and it looks great! You'll have to check it out.

Two new "No Watercraft" signs will also be installed facing the river soon.

Don't forget the annual Afton 4th of July parade at 12:30 on their beautifully redone Main Street. I'll see you there!

*~Mayor Tom*

*"The United States is the only country with a known birthday."*

*~James G. Blaine*

# Brush day is July 20

July is the fourth month now that residents can drop off their brush at Aggregate Industries, located at 16164 Hudson Blvd. in Lakeland.

Once a month until October residents of LSCB can take advantage of this opportunity.

The schedule for the rest

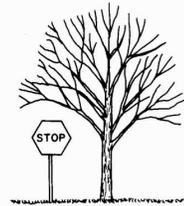

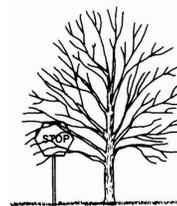

of the year is as follows:

**Saturday, August 17.**

**Saturday, September 14.**

**Saturday, October 12.**

**8:00 - 10:50 AM**

## Beach parking passes

Residents can pick up beach parking passes for the 209 beach season at City Hall.

The cost is \$10 for the whole season. If you are 65 years old or older, you can get a beach parking pass for free. Simply stop at City Hall

and city staff will set you up with a pass for the summer.

Just bring your drivers license with you and have the number of your license plate too.

## Sailboat permits available

The City has several open sailboat permits available for residents.

New permits are issued in order of completed application and supporting documents.

They are approved by the City Council.

Contact City hall for more information.

In the event all open permits are issued, a sailboat wait list will be established.
